MEMORANDUM FOR Executive Secretary
Central Intelligence Agency

SUBJECT: Preparation of Videotape for President (C)

In his preparation for his 1985 meeting with Gorbachev President Reagan was very impressed with the videotape CIA prepared on the General Secretary. We believe a similar videotape focusing on the General Secretary's efforts to implement "perestroika" and "glasnost," and on the internal political struggle he is waging, would be extremely useful. It should concentrate on Gorbachev post-Reykjavik, with an emphasis on his "negotiating style", i.e., how he gets his way in the political infighting in the Kremlin. (C)

We would appreciate it if you would prepare this videotape for Presidential review by November 20. You should coordinate directly with Fritz Ermarth or Ty Cobb (395-5112) regarding what other aspects of Gorbachev's policies and viewpoints should be included. (C)
